Name Brian Cox _____ S7-602-17 Patrol: Bobwhite

My Scouting position: Assistant Scoutmaster

The team that will benefit from my leadership: T715

SMART goal: Hold one or more service events to get chuckboxes for the troop refurbished where possible, and an additional one built to supply the adults.

Who: I will contact the individual who originally built the boxes, obtain plans, and establish a reasonable method for the refurbishing and building.

What: Refurbishing the 4 existing chuck boxes and building a 5th.

Where: At the shop they were originally built in, or failing that, my garage.

When: Spring 2018, likely during months the troop has trips scheduled that will not make use of the boxes.

Why: While still functional, the boxes have seen better days. It would be better to maintain them rather than let them fail and have to build new ones. Additionally, the adults have been using the box for whichever patrol isn't attending a trip, it would be good to not give patrols the benefit of having the adults cleaning up after them.

How: Evaluating and repair as needed. Building an additional box that matches the existing ones.

How you will determine the task is complete: There are 5 boxes in good shape.
