My vision of success and the related plan of action is:

To facilitate and enhance training in our troop from the newest or youngest scout, their families and the new and existing adult leadership.

Quality training creates a quality experience. That experience makes a person feel vested and an integral part of the troop team. Being vested in this respect assists in the building of a strong foundation for the organization and all its participants, past, present and future. This gives us the organization we all desire and one that will live on, thrive and pay dividends through these fine young men.
