My vision of success and the related plan of action are:

To apply what I have learned, to be better prepared, organized and informed.

Doing this this will enhance the learning experience through knowledge and fun for our boy scouters.

Success at doing this will keep boys interest in scouting.

And have a positive impact on other adults and scout leaders.

My vision is to keep learning and growing in the scouting origination. By continuing working on skills learned in wood badge and other offered education for scouting.
