the new **official scout uniform**

Coming fall **2008**

New Centennial Uniform! Lead the way in versatile high-tech comfort

We didn't reinvent the wheel; we just made a great thing better. The high-performance, multifunctional new shirts and pants run the gamut from looking good at ceremonies to getting out there—hiking, camping, and getting involved. Loaded with pockets (some big enough to hold your Fieldbook), zippers (converting pants to shorts), gadget loops, and more, you'll want it all! However, each piece transitions to mix and match with your current uniform.

so get it on and get out!

It's more than just a uniform

it's gear!

1 The uniform cap is still the great cotton twill classic, now it's gone from green and red to forest green and is embroidered with a tonal universal emblem on the crown.

2 Bellows pockets with hook-and-loop closures have replaced the button-flap patch pockets. There are two pockets on the chest and a smaller one on the left sleeve.

3 Shoulder loops and unit numbers (see front cover) have undergone a color change—shoulder loops went from red to a rich shade of forest green. Unit numbers are khaki and forest green.

4 Long sleeves on the shirt have inside Swiss tabs and outside loops so they will stay neatly in place when rolled up.

5 The uniform belt got updated, too. It's a bit wider and a lot beefier in forest green cotton web. It has a three-dimensional universal emblem on the steel gray metal buckle and a sturdy, ratchet claw closure.

6 The Switchback™ Pants & Canvas Convertibles are now in forest green in universal sizes with unfinished hems for a custom-length fit. Available in two great fits: Classic (traditional straight leg) and Relaxed (roomier through the seat and thigh). Both have legs that zip off above the knee.

7 Uniform socks in various styles with your comfort in mind. These new high performance socks feature arch support and moisture-wicking capabilities.

We've come a long way from the original short pants and stockings of the

British Scout uniform from 100 years ago.

As technology advances, high-performance,

functional fabrics evolve, allowing us to

improve upon and make significant changes

to the Boy Scout Uniform.

tech evolution

Technical fabric has evolved with

incredibly amazing properties.

It's comfortable, durable, easy-care,

and functional enough to keep up

with today's active Scouts.

It's all about

the fabric

Cotton Rich Poplin

khaki shirts of 67% cotton and 33% polyester offer the comfort of cotton with the wash, dry and easy-care wear of polyester. Shirts have durable double-needle construction with comfortable generous back pleats and hem vents.

Cotton Rich Canvas

forest green pants will weather the outdoors because they're made to last in durable 67% cotton and 33% polyester. The high-count cotton canvas helps keep you cool and comfortable, the polyester keeps you looking sharp, and the stain-guard fabric finish repels dirt and helps you stay dry in wet conditions.

Supplex® Nylon

is an amazing cotton-soft, yet highly durable, moisture-control fabric that wicks away moisture in the hottest of conditions, dries quickly, and offers 50+ sun protection. Available in khaki (shirts) and forest green (pants).

Technology Defined

Moisture Management A specially engineered, high-performance fabric in which the inner layer draws moisture away from the body to the outer layer where it quickly evaporates, keeping you cooler in hot weather and warmer in cold.

Water Repellency A topical fabric treatment that creates a special easy-care finish which enhances the performance of the fabric, helping to prevent moisture absorption, reduce wrinkles and resist stains.
