## Wood Badge has Four Specific Objectives

As a result of attending Wood Badge, participants will be able to:

- View Scouting globally, as a family of interrelated, values-based programs that provide age-appropriate activities for youth.
- Recognize the contemporary leadership concepts utilized in corporate America and leading governmental organizations that are relevant to our values-based movement.
- Apply the skills they learn from their participation as a member of a successful working team.
- Revitalize their commitment by sharing in an overall inspirational experience that helps provide Scouting with the leadership it needs to accomplish its mission on an ongoing basis.

### Wood Badge for the 21st Century Icon

The icon is the shape of a pentagon around the official Boy Scouts of America fleur-de-lis. Each side of the icon represents one of the five central themes of Wood Badge. Likewise, each of those themes is represented on the icon and throughout the course by one of the five central colors of the MacLaren Tartan. The themes are the threads of a course which, when woven together, form the pattern of the tartan and the full measure of Wood Badge.

### PACK 1 GRADUATES TO FORM TROOP 1

Most of the time during the first weekend will be filled with instruction and practice in various leadership skills. All of your meals will be prepared by staff members. The final weekend will involve an outpost camp where you will camp and cook as a member of your Patrol using the principles of Leave No Trace. The hike to the campsite will be relatively short and easy.

### THE BOY SCOUT OATH

On my honor, I will do my best  
To do my duty to God and my country  
And Obey the Scout Law;  
To help other people at all times;  
To keep myself physically strong,  
mentally awake, and morally straight.

### THE BOY SCOUT LAW

A Scout is:  
Trustworthy  
Loyal  
Helpful  
Friendly  
Courteous  
Kind  
Obedient  
Cheerful  
Thrifty  
Brave  
Clean  
Reverent

### YOU MIGHT BE A WOOD BADGER....

*Take-off from Jeff Foxworthy's "You might be a Redneck":*

If you raise your hand to the Scout Sign at a heated business meeting ...

*You Might Be A Wood Badger!*

If you attend the community Independence Day parade, look around and find you and your family are the only ones standing up as the American flag passes by...

*You Might Be A Wood Badger!*

If all your shirts have pin holes in them...

*You Might Be A Wood Badger!*

If you have your own desk and filing cabinet just for scout related paperwork...

*You Might Be A Wood Badger!*

If you carry your own toilet paper wherever you go...

*You Might Be A Wood Badger!*

If your idea of a trip to the Holy Land means Gilwell Park in England ...

*You Might Be A Wood Badger!*

### The Woggle

In 1920, the scarf, which had always been tied with a knot, was held together with a scarf slide. So far as it is known, the name "**woggle**" was invented by Mr. Gidney, the first Chief of Gilwell. Baden-Powell suggested to the Gilwell staff that they experiment and produce a special scarf slide to go with the Gilwell Scarf.

In the early days of leader training, fire lighting by friction was very much a novelty and for many years was demonstrated on Wood Badge courses. The main piece of equipment was a length of leather thong. Using one of the fire lighting thongs, Bill Shankley, who was at the time serving at Gilwell, produced a two-strand Turk's Head slide that was adopted as the official "woggle."

## THE WOOD BADGE BEADS OF DINIZULU

Wood Badge is named for the badge given those who successfully complete the entire experience. In 1888 during a military campaign in Africa, Baden-Powell acquired a necklace of wooden beads from the hut of a warrior chief named Dinizulu. Years later, at the completion of the first Wood Badge course, the participants asked him if he could give them some token to indicate that they had been trained. Baden-Powell remembered the necklace and decided to give a bead to each of the Scouters. At this time the name Wood Badge became attached to the course. The badge now consists of two wooden beads, worn on a leather thong around the neck, continuing in a tradition handed down from Baden-Powell

## What is Gilwell Order?

In Troop 1, here at Gilwell, we believe in the patrol method of troop organization. The Wood Badge patrols are formed according to an established order and most things are done following this regimen. Patrols are always in the following order:

## The “Totem”

You may notice an intricate little drawing on the staff’s personal items. This “totem” is a form of logo for a specific Wood Badge patrol from a specific course, and is one of the many Wood Badge traditions. The “totem” frequently symbolizes a special experience the patrol shared while at the practical phase of the course. Each patrol’s “totem” is unique and there is often special meaning to each of the marks and symbols in the totem. Your patrol may want to develop their own “totem” and unveil it to the rest of the troop, with prior OK from your Senior Patrol Leader, at a Gilwell troop meeting.

The **ROLE AND RESPONSIBILITIES** of Patrol Leadership Positions can be found in the Handbook on Page #8
