Join the 12th ACM Wireless of the Students, by the Students, and for the Students Workshop

The S³ workshop provides a unique venue for graduate students to present, discuss, and exchange ideas on mobile wireless networks. The workshop is organized by a student-run TPC. S³ aims to encourage student leadership and participation in the research community.

S³ encourages students with a paper, poster, or demo at ACM MobiCom main conference to present their work at S³, as well.

- If you’re a student looking for early feedback on your research, please submit a 3-page paper.
- If you have an app that you want to showcase, please submit a demo.
- If you have a small idea, please submit a poster.
