

Erin R. White

Web Systems Librarian (Instructor), VCU Libraries

(706) 614-7674

erwhite@vcu.edu

www.people.vcu.edu/~erwhite

Seasoned web team leader with eight years of web development work in higher education, focusing on standards-based, user-centered, accessible application design and development. Enthusiastic learner with a keen interest in the complexities, emerging issues, and trends in library, web, and mobile technologies.

Education

2009 MS, Information Science: The University of North Carolina—Chapel Hill

Master's Paper: "Are you LS or IS? Students' perceptions of the two programs at SILS"

Concentrations: Systems analysis and design, web development, library systems

Awards and Honors: Outstanding Service to the School Award, Chatman award for best Master's Paper proposal, Kalp Memorial Fellowship, Burmeister Fellowship.

2007 BA/ABJ, Sociology and Journalism: The University of Georgia

Concentrations: Publication Management, Sociology and Women's Studies.

Awards and Honors: Summa cum laude (First Honor Graduate - GPA 4.0); Hawkins Scholarship for Print Journalism; UGA Charter Scholarship; Outstanding Senior Leader; Phi Beta Kappa.

Professional Experience

2009-present Web Systems Librarian (Instructor)

Virginia Commonwealth University Libraries

Web design and development: Design, develop, maintain, and provide support for library Web applications for main Web site, digital library, and institutional repository. Promote and develop coding standards and development frameworks, understand and use available APIs, write documentation for new or modified programs and production/operations procedures, and develop in-house tools to boost staff productivity.

Management: Oversee work of one full-time programmer and one hourly designer; project planning and management; and communication with stakeholders.

Systems analysis: Generate innovative solutions, trying creative and active ways to deal with organizational problems. Work to continuously improve business processes by identifying, supporting, and using new technologies and other appropriate techniques.

Emerging technologies: Collaborate with team members, library users, and professional colleagues to identify and determine integration strategies for library 2.0 technologies. Contribute to and participate in open source and other academic library Web development communities.

Scholarship: Demonstrate continuing scholarship and professional growth. Perform service responsibilities to the VCU Libraries, the University, the profession, and the broader community.

2007-2009 Information Technology Lab Manager

School of Information and Library Science (SILS), UNC—Chapel Hill

Help desk: Diagnosed and resolved faculty, staff and student technology issues.

Management: Scheduled, trained and directed five graduate lab assistants.

IT projects: Initiated and collaborated on web, hardware, and systems analysis projects.

Systems administration: Served as secondary systems administrator for web, database, and file servers; and administered lab PCs and Macs.

2008-2009 Student Organizations Leader

School of Information and Library Science (SILS), UNC—Chapel Hill

Vice President, UNC - ASIS&T; Co-Organizer, checkedOUT (SILS GLBTQ organization);
Community Development Coordinator and Webmaster, SILS Student Association

Summer 2008 Web Design Intern

webslingerz, inc., Carrboro, NC

Worked with a small team to develop promotional web graphics and clean up web markup for large corporate and non-profit clients.

2005-2007 Part-time Web Designer

Application Support Group, University of Georgia

Worked with a team to define specifications, design, build, test, and implement web applications.

2006 General Manager

WUOG 90.5fm, Athens, GA

WUOG is the University of Georgia's all-student, all-volunteer, non-commercial, 26,000-watt radio station.

Management: Coordinated a staff of 200+ volunteers and 12 executives on the executive board and oversaw day-to-day activities and operations at the station.

Liaison work: Facilitated intra-station; acted as liaison between WUOG, the University, and the community; facilitated contact with and encouraged outreach to WUOG alumni.

Budgeting: Prepared and presented annual budget of \$60,000. Represented WUOG on a college radio conference panel about navigating university bureaucracies to secure funding.

2004-2007 Webmaster and 2005 Publications Director

WUOG 90.5fm, Athens, GA

Managed WUOG's print/digital "image"; developed web applications to streamline workflows.
