

1/29 10AM-12PM, & 1/30, 10AM-12PM NEW IS STUDENT INFO SESSION ROOM B3201

Stuck downloading your software? Just can't get a virtual machine on your MacBook? Have you tried 1,000 times but still can't get Visual Studio running? The Net Techs are here to help!

Start learning the skills you need to succeed in INFO 202, 300, 350 and beyond. Will cover virtualization and acquiring software needed for classwork. This session is recommended for students new to the IS program.

Please arrive on time, as the Net Techs will be giving a brief presentation on the basics of MSDNAA usage.

School of Business | Information Systems

TWO SESSIONS: ONE
MONDAY, ONE TUESDAY
AFTER ADD-DROP

WE ARE HAPPY TO HELP!
PLEASE COME WITH YOUR
DEVICES PREPARED!

ATTENTION OSX USERS:

Please come with the following software pre-downloaded, if possible:

- ✓ Windows 10
- ✓ Visual Studio
- ✓ Oracle Virtual Box

This will save everyone time and is very appreciated! The net techs will tell you to come back later if it is obvious you have not tried to do this. Thank you! ☺
