I am very grateful to Tim Garrison, Captain of B Co, for choosing me to be the sponsor of such a wonderful group of boys. They welcomed me with open arms. Fall of '59 was a great time for B Co. They won both the Efficiency Cup and the Competitive Drill Cup. I was so fortunate to have the pleasure of displaying both engraved cups on the mantel in my home where all visiting cadets could see them. What sponsor could ever forget "Let Me Call You Sweetheart"--that is a tune that still lives in my heart.

Among my many memories are sponsor's day, the cadet hop, the Sunday football games between companies, the Competitive Drill, the parties, cadet visits to my house, parades, and the everyday interaction with "my boys". Sadly for all, this was the last time that any cadet company would enjoy a Fall at old Jayem.

All too quickly my wonderful time as sponsor of B Co came to an end. To all Fall '59 B Co former cadets who may read this, please know that you made my time as sponsor a wonderful experience. Thanks for the memories. Sandra Carver Penland '60
